

Eco Friendly Astrolabe Discovery

This is our “Pure” Abel Tasman one day kayak trip. This trip is very flexible, thus easily able to cater for all ranges of age and ability.

This trip departs from Marahau beach and heads northwards along the coastline of the Astrolabe Roadstead. From here, you will kayak along the shores of the world famous golden sand beaches of The Abel Tasman, exploring off shore Islands where Seals, shags and other Birdlife are abundant.

Paddle into sea caves (tides permitting) and visit Adele and Fisherman’s Islands. After the morning paddle, our guide will take you to a beautiful beach in the Astrolabe Roadstead, one of the parks most sheltered and scenic stretches of water.

Here you will have time for your lunch, swimming, sunbathing or a short exploration of the coastal track. In the afternoon (sea breeze permitting) we will raft up the kayaks, harness the warm sea breeze and set sail for the return journey to Marahau.
